Qualys®

Continuous Security

Everything visible. Everything secure.

Unparalleled 2-second visibility across all of your global IT assets – on premises, endpoints and Private or Public Clouds

Qualys Cloud Platform

A new unified approach to prevention and response.

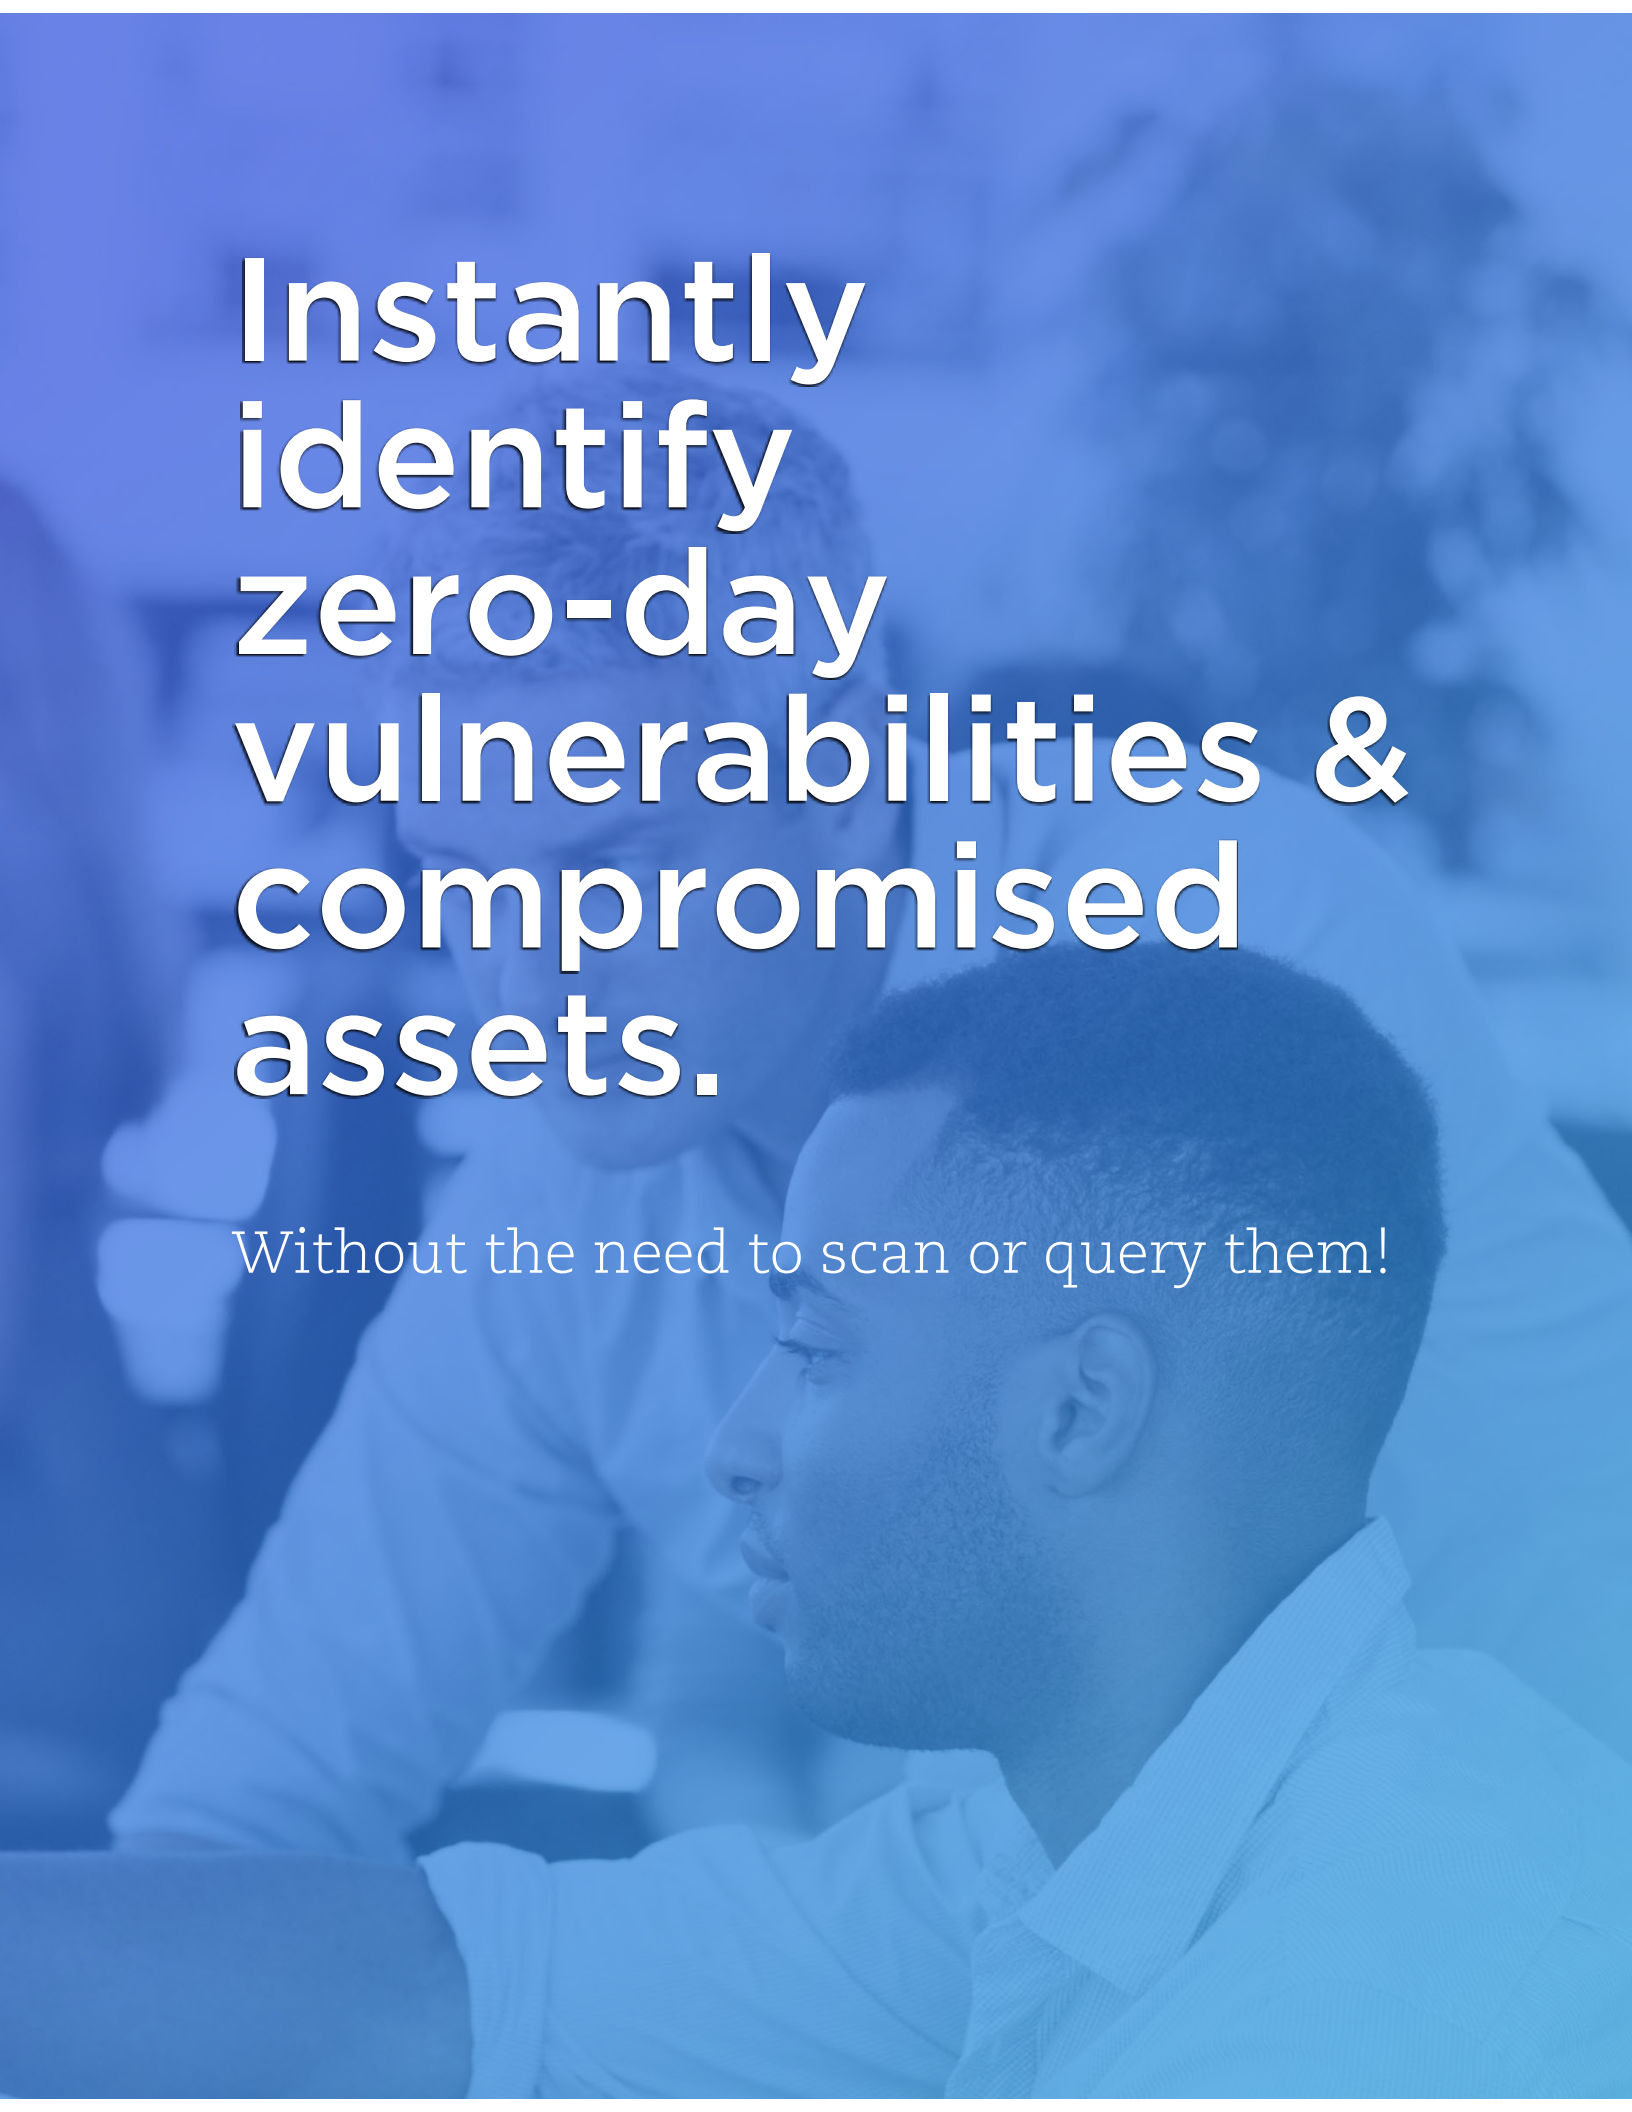
A single platform for InfoSec, AppSec, Endpoint, DevSec, and Cloud teams

Track and sync your global IT assets with your CMDB.

Keep your global IT asset inventory up to date – ***you can't secure what you don't know***

Continuously assess your security & compliance posture.

– via customizable dynamic user-defined dashboards and alerts

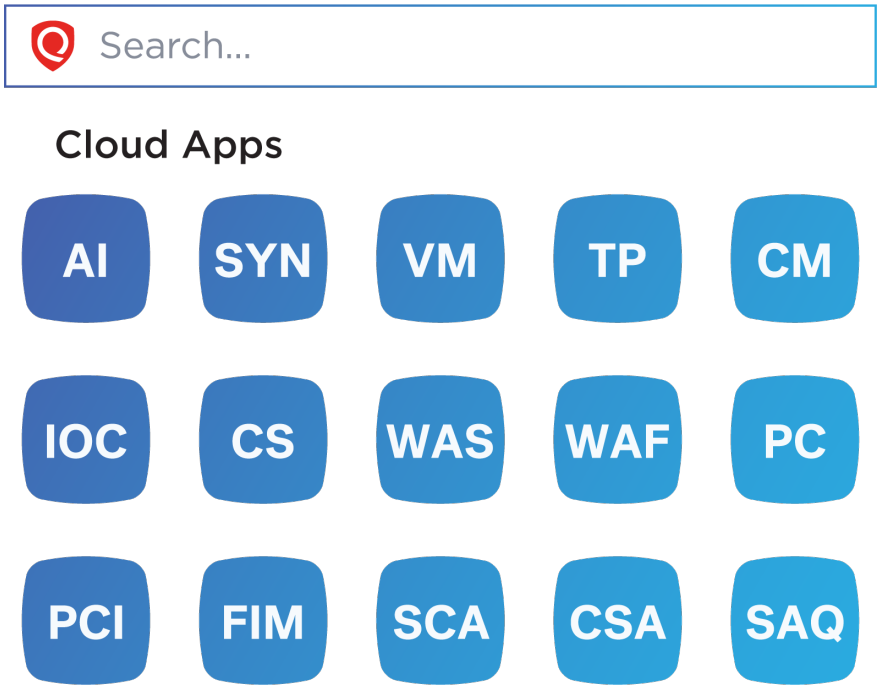


Instantly identify zero-day vulnerabilities & compromised assets.

Without the need to scan or query them!

Consolidate your security and compliance stack in a single platform.

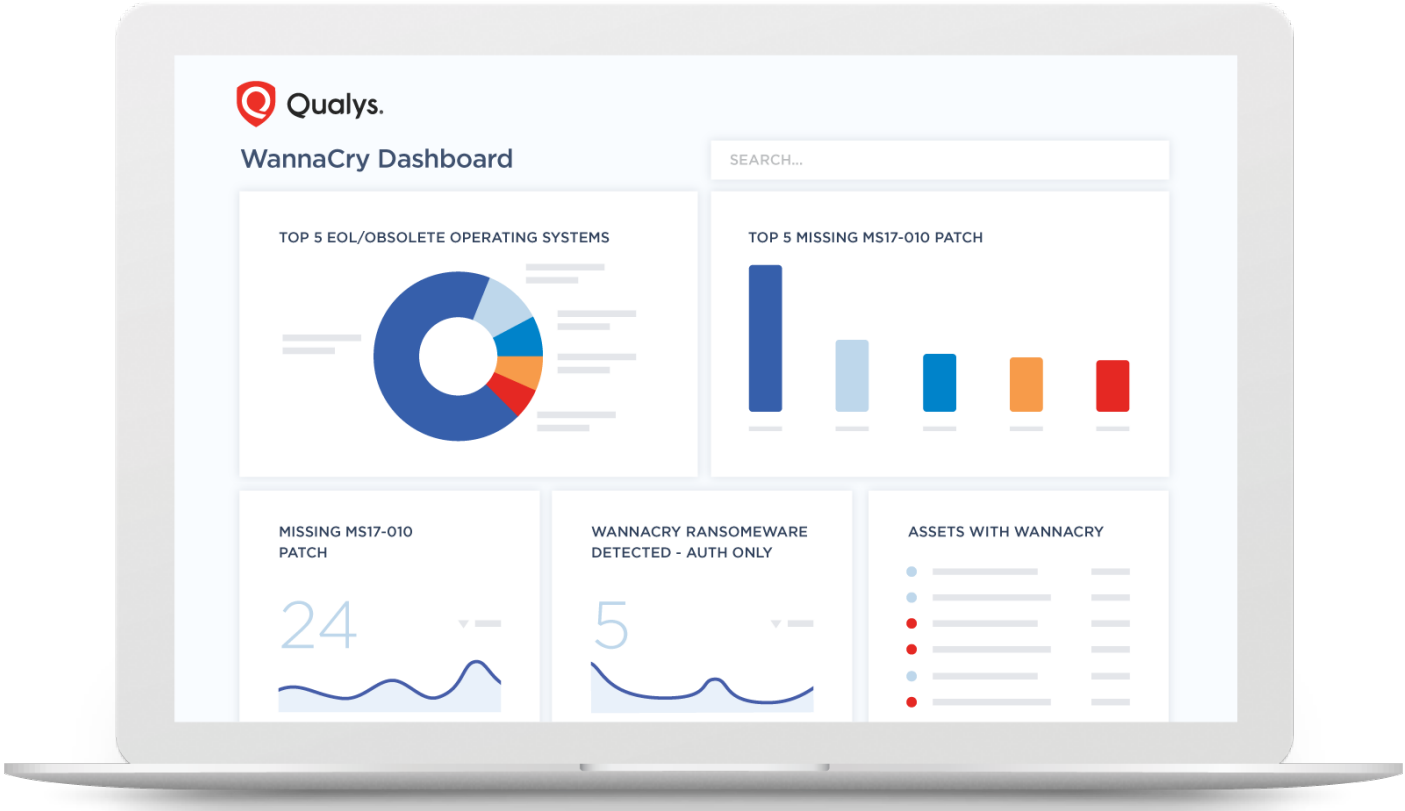
And drastically reduce your IT security and compliance spend



See the results in one place

anytime, anywhere.

– via centrally managed, self-updating, integrated Qualys Cloud Apps, and in a single-pane-of-glass UI (AssetView)



Designed from the ground-up for the digital transformation

– delivered as a Public or Private Cloud.

Security and compliance built-in
⊘ **NOT** bolted-on
